Map scales

Middle distance 1:10 000

Long distance: 1:20 000

Contour interval: 2,5m

All maps are drawn according to International Standard for MTB Orienteering Maps 2010.

Terrain

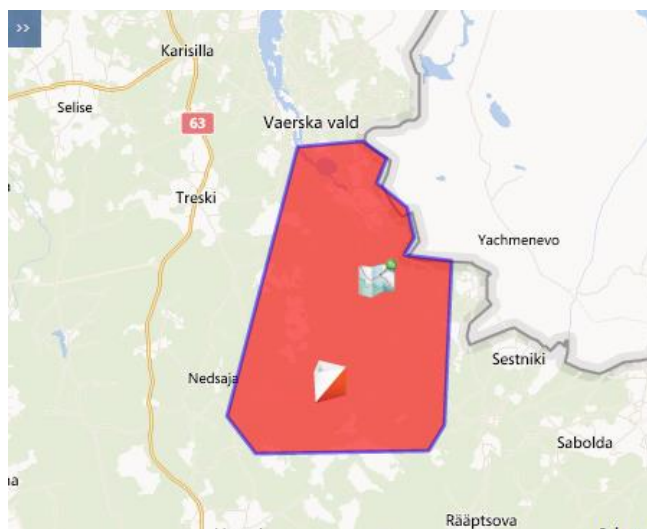

Sand-based open pine-forest. Moderately hilly with a lot of medium-sized hills and depressions up to 30m of height difference in the central and southern part of the terrain, and flat areas with small contour details and many marshes on the rest of the area.

Well-developed network of paths. Majority of tracks are well-rideable with a firm grass and/or dirt surface; in dry conditions, some tracks with sandy surface get less-rideable.

Technical info

Wearing helmet is required. It is not required to attach a SI-card on the bike. Competitors have to pass the course with all required controls together with bike. It is allowed to ride off the tracks. Riders must ride on the right side on the road and tracks.
