

## **RULES OF BREVETS RANDONNEURS MONDIAUX**

### **from 200 km to 1000 km**

**Article 1** : Only the Audax Club Parisien has sanctioning worldwide authority for these events. The ACP registers all brevets. Each brevet receives a verification number. These are assigned chronologically based on time of receipt. The ACP has registered all brevets since their inception in 1921.

**Article 2** : These brevets are open to any amateur cyclist regardless of his or her cycling affiliations and covered by insurance. Nevertheless, restrictions may be imposed locally by the organizer to manage properly the BRM event (limitation of registrations, invitations, etc.). Any rider under the age of 18 must have consent of his or her parent or legal guardian.

Any form of human-powered vehicle is acceptable. The only stipulation is that the vehicle must be powered solely by the rider.

**Article 3** : To participate in a brevet a rider must complete a registration form and pay a registration fee set by the event organizer. In some countries, a waiver of liability must be signed.

**Article 4** : Each rider must be covered by **liability insurance**, either by a group policy or by a personal policy.

**Article 5** : During the event, each rider is considered to be on a personal ride. The rider must ride in accordance with all applicable **traffic codes** and obey all traffic signals.

The ACP, other organizers, ACP representative and his/her association cannot and do not accept responsibility for any accidents that may occur during the course of a brevet.

**Article 6** : For **night** riding, vehicles must be equipped with **front and rear lights** attached firmly to the vehicle. Lights must be fully functional at all times (Spare lights are strongly recommended. At least one of the rear lights must be in a steady (rather than flashing) mode. Riders not complying with all these requirements will not be permitted to start.

Lights must be on from dusk to dawn and at any other times when poor visibility conditions exist (rain, fog, etc.). Each rider, whether riding in a group or by himself, must fully comply with this requirement. **Everyone must use their lights!** All riders must wear a **reflective cloth** that clearly places reflective material on the front and back of the rider.

Any violation of these night riding rules will result in the immediate disqualification of the rider.

**Article 7** : Each rider must be self sufficient. No follow cars or support of any kind are permitted on the course. Personal support is only allowed at checkpoints. Any violation of this requirement will result in immediate disqualification.

At the start, if the organizer creates groups, as everyone rides at his or her own pace, a rider could go out the group at any time. No rider can be considered as group leader. All distinctive signs (jersey, armband, etc...) or title (road captain) are not allowed. All riders are required to conduct themselves in a civil manner and abide by all applicable vehicle codes, laws, and regulations. All riders are required to respect local customs with regards to decorum.

**Article 8** : At the start, each rider will receive a brevet card and a cue sheet, **physical or digital**, indicating the route and the location of the checkpoints. Riders must stay on the route. If a rider leaves the route, they must return to the route at the same point prior to continuing, ie. no shortcuts or detours from the route, unless specified by the organizer. Riders must stop at each checkpoint to have their card **validated**. Organizers may also include unannounced checkpoints along the route. This assures that everyone will stay on the prescribed route.

The organizer must use the Audax Club Parisien brevet cards or the local brevet cards approved by Audax Club Parisien.

**Article 9** : Organizers may have checkpoints with no member of the organizing staff present. At these checkpoints riders must get their brevet card stamped at a local establishment that the organizer specifies as a checkpoint, such as a grocery store or gas station **or validated by digital means**.

Checkpoint information to be noted on the brevet card includes the time and the date of passage (for brevets that extend beyond 24 hours).

For unmanned checkpoints where no means of getting a stamp is available (arrival in the middle of the night for example), the rider may either (1) mail in a postcard with the checkpoint information (time, date, full name of the rider, and the rider's club affiliation) to the brevet organizer; or (2) write into their brevet card identifying information from a predetermined landmark or sign at the checkpoint also noting the time and the date of passage, or (3) provide a bank receipt, indicating the full name of the participant, or (4) provide a photo of the participant with decor (road sign, for example) justifying the place, or (5) validate her/his passage by an electronic control (reading of QR code, electronic chip, etc ...). In all case, the rider should mark his brevet card in the space provided for the checkpoint PC, with the time and date.

The organizer has the discretion to determine which option is to be allowed for a given checkpoint.

**Missing proof of passage information or loss of the brevet card** (regardless of how far into the ride a rider is) **will result in disqualification**. Each rider is responsible for seeing that his brevet card is properly completed at each checkpoint.

The homologation of a BRM by a GPS track can be a solution adopted by an organizer for all or part of the course. Nevertheless, the organizer must always leave the possibility of using a brevet card.

**Article 10** : Overall time limits vary for each brevet according to the distance. These are: (in hours and minutes, HH:MM) 13:30 for 200 KM, 20:00 for 300 KM, 27:00 for 400 KM, 40:00 for 600 KM, and 75:00 for 1000 KM. **Riders must reach the finish of each of these distances inside the respective time limit; intermediate control times are an advisory to help keep the rider inside the final time limit.**

Additionally, riders **are invited to** arrive at each checkpoint between the opening and closing time for the checkpoint and calculated as follows:

Opening: 34 km / h (km 1 to 200); 32 km / h (km 201 to 400); 30 km / h (km 401 to 600); 28 km / h (km 601 to 1000); commercial rounded by the minute.

Closing: 1 hour + 20 km / h (km 1 to 60); 15 km / h (km 61 to 600); 11.428 km / h (km 601 to 1000); commercial rounded by the minute.

These times are noted on the brevet card **or registered** with the information for the checkpoints. If a rider arrives at a checkpoint after it has closed, **the passage can be validated by one of the means listed in article 9**

**Article 11** : Any fraud, cheating, or deliberate violation of these rules will result in the exclusion of the rider from all ACP sponsored events.

**Article 12** : At the **finish**, the rider must **sign his brevet card and return it to the event organizer**. The brevet card will be returned to the rider after the brevet has been verified and a brevet number issued. In the event of the organizer losing a brevet card, no replacement to the rider will be made.

These brevets are not competitive events, so no rider classifications are made. **Commemorative medals** for each brevet are available for purchase. Those wishing to purchase a medal should mark their brevet card accordingly. Payment is required at the finish.

**Article 13** :

**Medals**: The **medals** noting the successful completion of the brevets are: a bronze medal for 200 KM, a silver-plate medal for 300 KM, a vermilion medal for 400 KM, a gold medal for 600 KM, and a silver medal for 1000 KM. The design of the medals will change after each PBP. Cost for the medals will be set by the event organizer.

**Super Randonneur** : This title is earned by any rider who completes a series of brevets ( 200, 300, 400, and 600 KM) in the same **calendar** year. A medal is also available for those holding this title. Riders should provide supporting documentation to their brevet organizer, as well as payment. The organizer can obtain the medal upon verification of the rider's brevet numbers.

**Article 14** : A brevet must be done alone and may not be counted as participation in another event held in conjunction with it.

**Article 15** : All animations regarding the BRM in a geographical area, such as classifications, awards, challenges, etc, as well for the riders as for the clubs, are exclusively of the competence of the ACP representative and his association.

**Article 16** : Organizers events can be scheduled only on their geographical area on the ACP calendar,

whatever the starting point is located. The organizers must obligatorily use the brevet card of their own geographical area. An organizer (in particular a frontier club) will be able to appear second once on the ACP calendar like "organizer connected" in another geographical area, with the agreement of the ACP representative of this geographical area, while having for formal obligation to apply the first subparagraph of this article.

Article 17 : While taking part in a brevet, the riders accept the publication of their identity and the time achieved in the results published by the organizers. Their identity could never be used at commercial purposes or to be transmitted to a third for this purpose.

Article 18 : Any rider who registers for and starts a brevet agrees by these actions to the following: Any complaint or question concerning a brevet or its organization must be submitted to the organizer in writing, within 48 hours from the finish of the brevet. The organizer will review the complaint and forward it, with a recommendation, to the "Commission des Randonneurs" of Audax Club Parisien for France or to the ACP local ACP person responsible for outside France for a final decision.

Article 19 : Any question regarding the final decision will be sent to the Audax Club Parisien board with organizer and ACP representative recommendations. The Audax Club Parisien board will be the final arbiter of any complaints or questions that arise which may not be covered explicitly in these rules.
